

Callow Capped Price Offer

The no-risk way of 'hedging' your bets against rises in the price of your home heating oil

If you've purchased heating oil for your home over the last few years, you'll be all too aware that the price varies. It goes up and down, in line with the price of crude oil and can vary significantly from one year to the next.

If you would like to cap the price of your home heating oil deliveries for the Winter, sign up for our no-risk scheme and shield yourself against the risk of price increases. Then you can relax in the knowledge that whatever happens to oil prices over the period, you won't get any nasty surprises.

All you have to do is sign up for an agreed number of litres and pay a reservation fee. We'll then put this fuel aside ready for when you need it and when you're ready for your delivery, just give us a call. You'll be invoiced at the lower of either the spot price on the day of order, or the capped rate we agreed with you, even if the price doubles before you want it!

If you'd like to take advantage of this offer, just fill in your details on the reverse of this leaflet and return it to us in an envelope to:

Hingley & Callow Oils, Severn House, Sandy Lane Industrial Estate, Stourport-on-Severn. DY13 9QB.

Or, if you just want a little more detail, call us on **01299 828 800**

Callow Capped Price Winter Kerosene

1st October 2017 – 31st March 2018

Name:

Address:

Post Code:

Telephone number:

Email address:

Callow a/c No:

Please reserve me a total of (maximum) litres of kerosene which will be capped at 39.95ppl plus VAT.

If Callow spot prices fall below this level at the time I order, I understand I will be charged the spot price.

Please sign this form and return to the above address with your £40.00 reservation fee. Cheques should be payable to "Callow Oils Ltd".

Signed

Date

OFFER CONDITIONS

- Each single delivery must be a minimum of 900 litres
- Deliveries must be between 1st October 2017 and 31st March 2018
- This offer is available on a first come, first served basis and may be withdrawn by Callow Oils at any point

- It is only upon receipt of your reservation fee that the fuel will be allocated to your account. Reservation fee is non-refundable and non-redeemable against fuel deliveries.
- Fuel supplied during the period will be subject to your normal payment terms.
- Volume reserved is total volume of expected purchases during the period (although it is possible that part of that quantity may be at a lower spot price.)
